

PATENTED

- **Designed to enhance animals positive behaviour**
- **Helps cage occupants feel protected**
- **Ensures great visibility for easy daily check**

Introduction

The MOUSE HOUSE provides a complex three-dimensional environment, within standard laboratory caging. It incorporates entrances, a shelf and a large nesting area. Its design maximises the use of floor area and encourages mice to zone their cage space.

1/Animal Welfare

- Provides a complex three-dimensional environment: an independent study concluded that with Mouse House *“several positive behavioral traits had increased significantly”, “mice used the third dimension”* and *“there was a continued interest and use of the Mouse House”*.^[1]
- Enable the mouse to: jump, climb, squeeze, nest and sleep in daily hours.

2/Ergonomics

- Washable, autoclavable and highly stackable.
- Great visibility into the Mouse House.
